MESSAGE

I am happy to know that this year the Vigilance Awareness Week is being observed on the theme 'Eradicate Corruption – Build a New India' by the Central Vigilance Commission from October 29 to November 03, 2018.

Corruption is one of the biggest obstacles in the progress of a country. Since its inception, the CVC has played a significant role in the promotion of transparency and efficiency in the public sector. I am sure, the proposed public awareness campaign to be run by the CVC during the Awareness Week by conducting activities such as seminars, lectures, debate, plays, poster and drawing competitions in schools, colleges, trades associations, Chambers of Commerce etc. and the formation of integrity clubs in various other institutions will undoubtedly go a long way in the sensitization of general public and other stakeholders about the menace of corruption in public life.

Let us take a pledge on this occasion to remove the scourge of corruption from our society.

I am pleased to learn that the Central Vigilance Commission is organizing this year's Vigilance Awareness Week from October 29<sup>th</sup> onwards to inspire enlightened participation from the public in the fight against the menace of corruption.

Corruption is the most evil enemy a nation must defeat to ensure sustainable and shared prosperity for its citizens. Corruption weakens our institutions and compromises our strength to realize the true potential of our country.

The clear mandate for our Government is to defeat the forces of corruption and ensure good governance for the welfare of the 130 crore Indian citizens. Through the numerous institutional and legal initiatives, we are endeavouring to build an ecosystem which institutionalizes honesty and integrity. We are in the process of building a New India free from the curses of nepotism and corruption.

I appreciate the commendable efforts and initiatives of CVC in promoting integrity and accountability in public life. In this fight for a corruption free India, dedicated participation from all the stakeholders is to be ensured. Vigilance Awareness Week is a valuable platform to build a mass movement against corruption through informed discussions and awareness outreach programmes.

I wish success for all the programmes planned as part of Vigilance Awareness Week. Let's unite and take pledge for a New India free from the perilous culture of corruption.

I am pleased to know that 'Eradicate Corruption – Build a New India' has been adopted as the theme for the Vigilance Awareness Week being observed from 29<sup>th</sup> October to 3<sup>rd</sup> November, 2018.

Corruption has been identified as an impediment to India's economic development and it poses a threat to India's promising future. As corruption directly affects the economy, its continuance and growth has a detrimental effect on the progress of our nation. Corruption not only erodes economic growth but has a very lasting ill effect on our character and values of the citizen and the nation. Hence, awareness of the value of integrity and the ill effects of corruption is critical.

Aligning anti-corruption measures with market, behavioral, and social forces is, therefore, the need of the hour. Public at large and all stakeholders need to be made aware of the adverse consequences of corruption. Observance of Vigilance Awareness Week is a right effort in this direction.

I wish the Central Vigilance Commission a successful Vigilance Awareness Week and appeal to all concerned to work towards a Corruption Free India with increased vigour and zeal so that we can build a corruption free New India and ensure welfare of all citizens.

## MESSAGE

Observance of Vigilance Awareness Week signifies the importance of dealing with corruption by creating awareness among all stakeholders.

Each citizen of our country has to contribute for building a New India. One way to achieve this objective is to take steps to eradicate the menace of corruption. All stake holders, especially the public has to come forward.

An organisation can contribute by creating a healthy work environment to ensure transparency and fairness in decision making process. This would go a long way in developing faith among employees and public at large.

I hope the momentum generated during the Vigilance Awareness Week will continue and all stakeholders would contribute in dealing with corruption and help in nation building.
