MESSAGE

Heavy Engineering Corporation Limited, Ranchi, a mother industry, is observing Vigilance Awareness Week-2023 from 30th October, 2023 to 5 November, 2023 as per the directives of Central Vigilance Commission with a theme “-भ्रष्टाचार का विरोध करें, राष्ट्र के प्रति समर्पित रहें **Say No to Corruption , commit to the Nation**” to bring together all employees and stakeholders to create awareness about ill effects of corruption/unethical practices and promote an atmosphere of transparency and probity in public life.

We are aware that corruption adversely affects the country's economic development and achievement of developmental goals. Annual observance of Vigilance Awareness Week reminds us of the solemn duty of inculcating integrity, transparency, probity and accountability in our public life. The support and active participation of all stockholders are very much essential in this mission.

India is celebrating 77th years of Independence and everyone should introspect himself/herself and promote integrity in every walk of life to make this country Self-reliant.

This year, the Central Vigilance Commission had issued instruction detailing a three month campaign period (**16th August, 2023 till 15th November, 2023**) in which programs on various preventive vigilance measures were to be taken up along with a special campaign on PIDPI Resolution 2004. The issues intended to be covered during the campaign period are as under

- (a) Awareness building about Public Interest Disclosure and protection of Informers (PIDPI) Resolution
- (b) Capacity Building Programs
- (c) Identification and implementation of systemic Improvement measures
- (d) Leveraging of IT for complaint disposal
- (e) Updating of Circulars/Guidelines/Manuals
- (f) Disposal of Complaints received before 30.06.2023.

The employees of the Corporation are requested to spread awareness on PIDPI complaints to every other employee, including general public, which may help in effective countering of the menace of corruption.

On the occasion of Vigilance Awareness Week, 2023, I take this opportunity to congratulate team Vigilance, P&A, HRD and every company employee and CISF force for successful arrangement of various events during the Vigilance Awareness Week-2023.

I wish Vigilance Awareness Week-2023 a grand success!

I wish everyone, the very best in life!!

(Kousik Chakraborty), IOFS
Chief Vigilance Officer
