Contd.

- 10) The primary work is regular and continuous cleaning of Boiler Ash (mixed with unburnt carbon and fly ash) from the boilers of Gas Plant/FFP. The work involves continuous (i.e. all three shift) cleaning of boilers and dumping of the cleaned material by trolley in the dumping area outside the Boiler House followed as transportation of the cleaned and dumped material outside the plant (i.e. FFP). Transportation of the cleaned and dumped materials outside FFP will allowed during 8 AM to 5 PM only.

For carrying out the works, the contractor has to ensure deployment of minimum one male mazdoor in each of the three shifts. All tools for carrying out the work involved are to be arranged by the contractor. Female mazdoors are not allowed in night.

- 11) The tenderers may please note that total monitoring of the work including issue of gate pass to the cleaning labourers, calling of cleaning labourers on holidays, shall be done by Gas Plant officials and they are empowered to issue letters in this regards directly to the contractors. Necessary gate pass for trucks/dumper and workmen will be issued by Disposal Cell/HEC to execute the work.
- 12) The contractor will have to ensure the following:-
- i) The cleaned ash is dumped outside in the ash yard(western side and northern side) maximum up to a distance of 30 meters manually through trolleys provided by the department and level the ash to a distance of 2 metres from the trolley track.
  - ii) The dumped hot ash is quenched as and when required with the help of hose pipe from the nearest tapping point.

From the dumped place, the transportation of the cleaned material has to be done on regular basis against disposal sale so that no accumulation of the cleaned material is found in the area. For this the contractor will be required to place truck/dumper with requisite number of labourers on regular basis from 8 A.M to 5 P.M for transportation of the cleaned material against disposal sale.

13) **TERMINATION OF CONTRACT :**

If performance of the contractor will not be satisfactory within the contractual period, the contract may be terminated and E.M./S.D. will be forfeited after completing the following formalities:-

- i) The holding department shall serve a notice of 07 days in writing to the contractor for improvement in his performance to the satisfaction of the site I/c/Gas Plant.
  - ii) If the contractor still fails to improve upon, he will be served another notice of 07 days in writing by the holding department to improve his performance, failing which the contract will be terminated and his Security deposit shall be forfeited and the work will be allotted to next higher bidder at the risk & cost of the defaulter firm.
- 14) Contractor will be given working off on “**Vishwakarma Puja**” only. The other days of the year shall be working days unless otherwise specifically informed by the holding department in advance. Even on **Vishwakarma Puja / holidays**, the contractor may be called in case of need and for this no extra claim shall be entertained. But in all cases, the contractor shall be required to ensure that on the next working day(after the off day), complete removal of ash is done failing which, this facility may be withdrawn in future after giving 07(Seven) days’, notice to the contractor.
- 15) The work may be required to be continued even after expiry of the contract period at the same & terms till finalization of new contract.

Contd.....

- 16) In case any particular clause of the General terms and conditions of disposal sale tender is also covered in the Special terms and conditions of the tender, the explanation given in the Special terms and conditions shall prevail.
